NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h. i.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as  $\frac{1}{2}$ ,  $\frac{3}{4}$ , &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

BEFORE me a Notary Public in and for the State of New York,  
 I CERTIFY ON HONOR, That I have carefully examined the  
 above named Recruit, a greenly to the General Regulations of the Army, and that in my opinion he is free from all bodily defects and mental infirmity, which would, in any way disqualify him from performing the duties of a soldier.

Young  
Examiner

I CERTIFY ON HONOR, That I have minutely inspected the Recruit, John Thompson,  
 previously to his enlistment, and that he was entirely sober when enlisted; that, to the best of my judgment and belief, he is  
 of lawful age; and that, in accepting him as duly qualified to perform the duties of an able bodied soldier, I have strictly  
 observed the Regulations which govern the recruiting service. This soldier has blue eyes, light hair, fair  
 complexion, is 5 feet 9 inches high.

most respectfully applying for leave of absence,  
with the permission to leave the service

The reasons which induce the leaving

His Brother Captain Samuel Sherman  
Colonel 2<sup>nd</sup> Div. 1<sup>st</sup> Corps was severely wounded  
at the Battle of Perryville Nov. 1862  
and, consequently, his leg amputated.  
Yesterday several letters arrived in the

Commanding Department of the Missouri

General

Frederic Trammont Col.

Captain of Company. 2<sup>d</sup>. Second Regiment

Missouri Volunteers in active communication

Colonel J. Schaefer begs leave to report the

following statement of facts for your

consideration.

Capt. Trammont was on the 8<sup>th</sup> day of May A. D. 1862 mustered out of the Service

of the United States, by Brig. and

W. Scott Welchum through Special order

of these Headquarters, said Muster out

to take effect February 25<sup>th</sup>. He is

informed that said special order was

issued because it was reported by

Lieut. Col. Laibold then commanding

the 2<sup>nd</sup> Inf. Mo; to the General

Commanding, that Captain Trammont

was absent without leave since Feb. 25<sup>th</sup>

1862.

Genl. Trammont states that

said report concerning his absence without

leave, is and was false.

And to prove said attention of

falsehood, he adduces the following exhibits

in evidence:

Exhibit (A) is a copy, properly

certified, whereby it appears that on the

25<sup>th</sup> day of January 1862 Capt. Trammont

was, in due form, detailed to special

recruiting service.

Exhibit (B) is a copy of

10

Colonel B. L. E. Bunnell's special order  
No. 22 ordering Captain Franckmicht to  
report to Mr. Eetus, St Charles County, Mo.  
there to open a recruiting rendezvous.

Captain Franckmicht reported accordingly  
to his Station, where he remained until  
March 31<sup>st</sup> 1862, when after a written  
application the Captain was relieved from  
recruiting service, as will appear from  
Col. Bunnell's Special order No. 52, bearing  
same date, the original whereof is herewith  
exhibited as Exhibit marked (1).

The Special order aforesaid reached  
Capt. Thos. Franckmicht on the 4<sup>th</sup> day of  
April, and after closing up the business  
pertaining to his recruiting office with  
all practicable dispatch, he reported  
with his men at Benton Barracks  
April 7<sup>th</sup> Exhibit (2)

April 8<sup>th</sup> he reported at Rolla, Mo.,  
as is shown by Exhibit marked (3)  
herewith filed.

On the 13<sup>th</sup> day of April, according  
to written instructions of Col. J. H. Boyd  
(also forming part of Exhibit (2)) Captain  
Franckmicht took command of a detach-  
ment, numbering about 34 men, and  
reported to his Regimental Commander  
Lieutenant Colonel Laidold on the  
25<sup>th</sup> day of April 1862, the Regiment  
and Brigade being then on the march  
from Lyons, Mo. to Clark's Hill, Mo.,  
from which fact the Morning reports of the  
2<sup>nd</sup> Inf. Mo. Vols. will certify.

Captain Franzenicht then took command of his company, G, with the approbation and consent of Lieutenant Colonel Laidold the regimental commander and has done duty in his company and regiment until June 3<sup>rd</sup> 1862, when relieved and allowed to proceed to St. Louis Mo. by order of Col. Geo. Schaefer dated June 4<sup>th</sup> 1862.

On the 30<sup>th</sup> day of April, the second Regiment July. Mr. Hb. was mustered for pay by its Lieut. Col. Laidold and the Rolls of Company, G, were duly signed by Capt. Franzenicht then commanding said company, and approved by Lieut. Col. Laidold.

Capt. Franzenicht did, in consequence, draw pay for the months of March and April 1862 with the consent and approval of his regimental commander Lt. Col. Laidold (although said Laidold had reported him absent without leave since February 1862).

For proof of this last statement, reference is made to the Muster and pay rolls of the 2<sup>nd</sup> Regt. Mo. Vol. Inftry. for the months of March and April 1862.

The undersigned, therefore confident, that he had ever well and faithfully performed the duties incumbent on him by his rank and station and that he has, on account of error made by Lieut. Col. Laidold, been mustered out of service without sufficient cause or season, respectfully requests the

Major General commanding the Department  
to investigate his case in order that justice  
may be done him. He asks leave to refer  
to Gen'l Asboth and Osterhaus and  
to Col. Schaefer of his own regiment, for  
their favorable opinion touching his  
military capacities and his character  
as a gentleman and officer.

Most respectfully

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as  $\frac{1}{2}$ ,  $\frac{3}{4}$ , &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feined or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer from whom the authority to discharge enlisted men may be specially granted.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. paragraph will state that the "discharge was given by  
consent of the soldier, after a personal examination, and  
for disability, the nature, degree, and origin of which are  
correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.  
Medical officers, in giving certificates of disability, are  
to take particular care in all cases that have not been under  
their charge; and especially in epilepsy, convulsions,  
chronic rheumatism, derangement of the urinary organs,  
ophthalmia, ulcers, or any obscure disease liable to be  
feigned or purposely produced; and in no case shall such  
certificate be given until after sufficient time and exami-  
nation to detect any attempt at deception.

**DIRECTIONS.**

This certificate will be made out in duplicate by the soldier's com-  
pany commander, or other officer commanding the separate detach-  
ment to which he belongs, and sent by him to the surgeon who has  
charge of the hospital where the soldier is sick. The surgeon will  
then fill out and sign the surgeon's certificate, and forward these  
papers to the regimental, detachment, or post commander, who will  
forward them, with his action endorsed thereon, through the proper  
channel, to his division commander; or, if the troops are not attached  
to a division, to his corps, department, or other commander or officer  
to whom the authority to discharge enlisted men may be specially  
delegated.

These certificates, after having received the action of the highest  
authority to which they are required to be sent, will be forwarded  
to the Adjutant General's Office, Department of War, at  
Washington, D. C., by the proper channel, and the proper final statement in duplicate, and forward both of these  
certificates direct to the Adjutant General United States Army, at  
Washington, D. C.; they will not, under any circumstances, be given  
to the hands of the soldier.

### FOR DISCHARGE

OF DISABILITY

See Order

Henry Ulrich a Corporal, of Captain Charles Fuelle Company, (C.) of the 2nd Infantry Regiment of the United States Mo. Vols was enlisted by Capt. Leopold Beck of the 2nd Infantry Regiment of Mo. Vols at Camp Girardeau Mo. on the twenty eighth day of July 1861, to serve three years; he was born in Massachusetts in the State of New York, is twenty five years of age, eight feet six inches high, complexion, During the last two months said soldier has been unfit for duty 60 days. Leopold Henry Ulrich being a subject of fits. Since recent times the spasms occurred as frequent as once in eight days, and being of a very violent nature.

STATION: Camp Laclede near London Tenn.

DATE: April 8th 1864.

Leopoldi Kunth

1st Lieut 2nd Mo. Inf'ty Vols  
Commanding Company

I CERTIFY that I have carefully examined the said

of Captain Charles Fuelle

Company, and find him incapable of performing the duties of a

soldier because of Epilepsy, the portions of which occur as often as nearly once a week and manifest a great intensity. Nothing definitely can be said as to causes from which it may have originated, though the existence of the disease has not been explained as to its cause. It is not known to be slight irritations of the brain, the presence of which in his general faculties do not appear to be impaired in the few periods, but deem him physically disabled in the sense of the law. Degree of disability is, and may well be, permanent. See.

Corp. Ulrich is with his regiment.

Charles Ulrich, Surgeon.

2nd Reg't 1st Mo. Vols.

DISCHARGED, this twenty third day of April, 1864, at
